- If there is more than 1 site with the same number, the following screen will be displayed.
- To set an address book entry as a destination using the phone number, the number must already be registered with the address book entry. (See page 107.)

INFORMATION

- If there is no match for the phone number input, a list of identical numbers with different area codes will be displayed.

SEARCH BY “eDestination”

1 Press the **“DEST”** button.

2 Touch **“Point of Interest”** on the “Destination” screen.

3 Touch **“eDestination”** on the “Point of Interest” screen.

- With the eDestination feature, you can go online, via the Lexus.com owner’s Web site, to select and organize destinations of your choice and then wirelessly send them to your vehicle’s navigation system. Up to 200 locations can be stored online and accessed or updated at any time. Locations can be organized into up to 20 folders. (See “eDestination” on page 355.)

3

NAVIGATION SYSTEM

DESTINATION SEARCH BY “Destination Assist”

1 Press the **“DEST”** button.

2 Touch **“Destination Assist”** on the “Destination” screen.

- Destination Assist provides you with live assistance for finding destinations via the Lexus Enform with Safety Connect response center. You can request either a specific business, address, or ask for help locating your desired destination by category, such as restaurants, gas stations, shopping centers or other points of interest (POI). After you tell the agent your choice of destination, its coordinates are sent wirelessly to your vehicle’s navigation system. (See “Destination Assist” on page 353.)
DESTINATION SEARCH BY “Previous Destinations”

1 Press the **“DEST”** button.

2 Touch **“Previous Destinations”** on the “Destination” screen.

3 Touch the screen button of the desired destination.
- The previous starting point and up to 100 previously set destinations are displayed on the screen.

“Delete”: Touch to delete the previous destination. (To delete previous destinations, see page 80.)

- When the desired destination is selected, the “Confirm Destination” screen may be displayed. If **“Go”** is touched on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 81.)

- The list of previous destinations can also be deleted by touching **“Delete Previous Dest.”** on the “Navigation Settings” screen when the vehicle is stopped. (See “DELETING PREVIOUS DESTINATIONS” on page 116.)

DESTINATION SEARCH BY "Address Book"

1 Press the **"DEST"** button.

2 Touch **"Address Book"** on the "Destination" screen.

3 Touch the screen button of the desired address book entry.
● A list of registered address book entries is displayed.

"Options": Touch to register or edit address book entries. (See page 108.)

● When the desired address book entry is selected, the "Confirm Destination" screen may be displayed. If **"Go"** is touched on the "Confirm Destination" screen, the navigation system performs a search for the route. (See "STARTING ROUTE GUIDANCE" on page 81.)

DESTINATION SEARCH BY "Emergency"

1 Press the **"DEST"** button.

● The display changes to a screen to select police stations, dealers, hospitals or fire stations.

3 Touch the desired emergency category.

● The selected emergency category is displayed.

4 Touch the screen button of the desired destination.
- When the desired destination is selected, the "Confirm Destination" screen may be displayed. If **"Go"** is touched on the "Confirm Destination" screen, the navigation system performs a search for the route. (See "STARTING ROUTE GUIDANCE" on page 81.)

INFORMATION

- The navigation system does not guide in areas where route guidance is unavailable. (See page 134.)
- The emergency function can be used even while driving.
- While driving, only the currently displayed items and the items on the next page can be viewed.

DESTINATION SEARCH BY "Intersection & Freeway"

There are 2 methods to search a destination by Intersection & Freeway:

(a) Search by intersection

(b) Search by freeway

1 Press the **"DEST"** button.

2 Touch **"Intersection & Freeway"** on the second page of the "Destination" screen.

3 Touch the desired method.
SEARCH BY “Intersection”

1 Press the **“DEST”** button.

2 Touch **“Intersection & Freeway”** on the second page of the “Destination” screen.

3 Touch **“Intersection”** on the “Intersection & Freeway” screen.

4 Input the name of the first intersecting street which is located near the destination to be set, and touch **“OK”**.

5 Touch the screen button of the desired item.

6 Input the name of the second intersecting street.

7 Touch the screen button of the desired item.
● When the desired item is selected, the “Confirm Destination” screen may be displayed. If **“Go”** is touched on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 81.)

INFORMATION
● If the same 2 streets cross at more than 1 intersection, the screen changes and displays the menu to select the city name where the streets intersect. Select the city, and the map location of the selected destination and the route preference. (See “STARTING ROUTE GUIDANCE” on page 81.)

SEARCH BY "Freeway Entrance / Exit"

1 Press the **"DEST"** button.

2 Touch **"Intersection & Freeway"** on the second page of the "Destination" screen.

8 Touch the screen button of the desired entrance or exit name.

- When the desired entrance or exit is selected, the "Confirm Destination" screen may be displayed. If **"Go"** is touched on the "Confirm Destination" screen, the navigation system performs a search for the route. (See "STARTING ROUTE GUIDANCE" on page 81.)

INFORMATION

- Be sure to use the complete name of the freeway or highway, including the hyphen, when entering the destination. Freeways and interstates use an "I" (I-405). US highways use the state designation before the number (CA-118).

DESTINATION SEARCH BY “Map”

1 Press the **“DEST”** button.

2 Touch **“Map”** on the second page of the “Destination” screen.

3 Scroll the map to the desired point.
4 Touch **“Go to ◉”**.

● The navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 81.)

INFORMATION

● Guidance starts if **“OK”** is touched even while driving. However, the cursor cannot be moved.

DESTINATION SEARCH BY “Coordinates”

1 Press the **“DEST”** button.

2 Touch **“Coordinates”** on the second page of the “Destination” screen.

3 Input the latitude and the longitude.
4 After inputting the latitude and longitude, touch **“OK”**.

● When the desired screen button is selected, the “Confirm Destination” screen may be displayed. If **“Go”** is touched on the “Confirm Destination” screen, the navigation system performs a search for the route. (See “STARTING ROUTE GUIDANCE” on page 81.)

DELETING SET DESTINATIONS

A set destination can be deleted.

1 Press the **"DEST"** button.

2 Touch **"Del.Dest."** on the "Destination" screen.

- When more than 1 destination is set, a list will be displayed on the screen.

3 Touch the destination to be deleted.
"Delete All": Touch to delete all destinations on the list.

4 Touch **"Yes"** to delete the destination(s).

- A message appears to confirm the request to delete.
- If **"Yes"** is touched, the data cannot be recovered. If more than 1 destination has been set, the system will recalculate the route(s) to the set destination(s) as necessary.
- If **"No"** is touched, the previous screen will be displayed.

- Set destinations can also be deleted by touching **"Route"**. (See "DELETING DESTINATIONS" on page 92.)

2. STARTING ROUTE GUIDANCE

When **"Map"** is touched on the "Confirm Destination" screen, the map screen will be displayed. The map location of the selected destination can be set as a destination.

1 Scroll the map to the desired point.

"Adjust Location": Touch to adjust the position in smaller increments.

- When an arrow facing the desired point is touched, the map scrolls in that direction.
- When the screen button is released, the scrolling stops.

2 Touch **"Go to ◉"**.

- The system starts route search and displays recommended routes.

- If a destination has already been set, **"Go to ◉"** and **"Add to Route"** will be displayed.

"Go to ◉": Touch to delete the existing destination(s) and set a new one.

"Add to Route": Touch to add a destination.

"Info": If this screen button is displayed on the top of the screen, touch it to view items such as name, address, position and phone number.

3 To start guidance, touch **"OK"**.

No.	Function
1	Current position
2	Destination point
3	Type of route and its distance
4	Distance of the entire route
5	Touch to display a list of the turns required to reach the destination.
6	Touch to change the route. (See page 83.)
7	Touch the desired route from 3 possible routes. (See page 82.)

- Guidance can be paused or resumed. (See "PAUSING AND RESUMING GUIDANCE" on page 97.)
- If **"OK"** is touched until a beep sounds, demo mode will start. Press the **"MAP/ VOICE"** button to end demo mode.

CAUTION

- Be sure to obey traffic regulations and keep road conditions in mind while driving. If a traffic sign on the road has been changed, the route guidance may not indicate such changed information.

INFORMATION

- The route for returning may not be the same as that for going.
- The route guidance to the destination may not be the shortest route nor a route without traffic congestion.
- Route guidance may not be available if there is no road data for the specified location.
- When setting the destination on a map with a scale larger than 0.5 miles (800 m), the map scale changes to 0.5 miles (800 m) automatically. If this occurs, set the destination again.
- If a destination that is not located on a road is set, the vehicle will be guided to the point on a road nearest to the destination. The road nearest to the point selected is set as the destination.

3 ROUTES SELECTION

1 Touch **"3 Routes"**.

2 Touch **"Preferred"**, **"Alternate"** or **"Short"**.
No.	Function
1	Touch to display the recommended route.
2	Touch to display the alternative route.
3	Touch to display the route that is the shortest distance to the set destination.
4	Touch to display the information shown below about each of the 3 routes.

No.	Function
1	Time necessary for the entire trip
2	Distance of the entire trip
3	Toll road
4	Freeway
5	Ferry

EDIT ROUTE

Conditions for the route to the destination can be set again.

1 Touch **"Edit Route"**.

2 This screen is displayed.

No.	Function	Page
1	Touch to add destinations.	91
2	Touch to delete destinations.	92
3	Touch to reorder destinations.	91
4	Touch to display the choices available when setting the conditions the system uses to determine the route to the destination.	95

INFORMATION

- Even if the **"Freeways"** indicator is dimmed, the route cannot avoid including a freeway in some cases. (See page 95.)
- If the calculated route includes a trip by ferry, the route guidance shows a sea route. After you travel by ferry, the current position may be incorrect. Upon reception of GPS signals, it is automatically corrected.
